# 1. TECHNICAL SUPPORT

**UWDMA** assures technical support and advice to all patrons, the first step towards which is the publication of “uPVC Guideline for Fabrication of Windows & Doors”, available to all in print and on website. The association will encourage the exploration of these guidelines from any perspective that adds value to the business. To this end, it advocates referring to it as a handbook for all manufacturing solutions.

***A detailed handbook on best practices for Installation of UPVC windows and doors will be released in 2017.***
