UWDMA INSTALLATION WORKSHOPS IN VARIOUS CITIES

From 14th June'22 To 29th Sep'22

With the mission to promote “ **A uPVC window is as good as its installation** ” , this year UWDMA focused on providing deep in sights about uPVC window installation by organizing ‘Live Window Installation Workshops ‘ at various cities like Chennai , Ahmedabad ,Bangalore ,Hyderabad & Gurugram .

During these workshops ,live installation of a uPVC window 2 track sliding window on a wooden wall was shown , following step by step procedure ,starting from correct measurement method to removal of protective film .

The most interesting part was the common problem that occurred in all the workshops, that was misalignment of the siding panels resulting in non locking of espagnolette cams in the strikers . Therefore the attendees were able to learn through live problem solving through glass alignment & frame re-alignment .

UWDMA thanks its patrons Klimas Fastener Technologies , Eva Software , Sudhakar Profiles , Insta Hardware & Kingston Sealants for their support to these workshops .

I.T.I COLLEGES VISIT

June-July 2022

For imparting awareness about uPVC window industry among young I.T.I students and mobilization of trainees for the new 3 month course team UWDMA visited many I.T.I colleges near Bhiwadi from June to August . As most of the ITI students were unaware about uPVC windows and doors , during theses visits they were told about uPVC window industry and carrier opportunities in it .

Students were excited to know about the industry and to see the window samples and showed great interest in joining UWDMA's 3 month course of uPVC Window-Door Fabrication .

I.T.I Behror

MOU WITH YADHUVANSHI ITI

26th May 2022

After signing its first DST MOU with Government ITI Bhiwadi in January 2021 ,this year UWDMA signed its second DST (Dual System Of Training) MOU with Yadhuvanshi I.T.I , Behror on 26th May 2022 .

Under this DST MOU , in their 2 years course , students of fitter trade will undergo 1 year of practical training at uPVC window & door manufacturing units .

Therefore once the students have completed their ITI course , they would be already trained in uPVC window fabrication and ready to work in uPVC Window industry .

Mr.S.N.Sharma (UWDMA Trainer) , Mr.Sompal Yadav (Principal ,Yadhuvanshi I.T.I) , Dr.h.c.Mario Schmidt (President UWDMA)

3 MONTHS COURSE “uPVC Window Fabrication” August 2022

When UWDMA was formed in the year 2008 , its one of the main vision was to create skilled and trained manpower for the uPVC window & door industry , and since July 2018 UWDMA is continuously working in this direction by imparting training to young school & college graduates in uPVC window fabrication at UWDMA Skill Development Centre at Bhiwadi .

Taking one more step towards this vision , UWDMA started its 3 Months course in uPVC window fabrication where ITI graduate trainees would learn entire fabrication process at this fully equipped training center at Government I.T.I College , Bhiwadi .

Once this course gets completed and the trainees would pass their exam , in November UWDMA members would be invited for recruiting these trainees in their companies .

INDUSTRIAL VISIT TO MANESAR 14th Sep 2022

On 14th Sep 2022 , trainees of UWDMA Skill Development Centre , Bhiwadi were taken for an industrial visit to Manesar to witness the live fabrication process of uPVC windows and door .

The trip was organized and supported by two of the UWDMA members from Manesar , Window Magic and LKLS Windows .

During the visit the trainees were explained all the manufacturing processes in details at various stations at both the manufacturing units and they got a deep insight about working of uPVC window manufacturing unit.

TRAINING THE FUTURE FABRICATORS

August 2022

UWDMA's one of the newest initiative is to impart training to entrepreneurs who wants be a uPVC window & door manufacturer .

The objective behind this training is to impart a clear knowledge of correct manufacturing process and the right raw material to the new entrepreneurs who are going to enter the industry , because if prior entering the industry they will be having knowledge about the correct

manufacturing processes and raw material they will be able to manufacture and sell good quality uPVC windows & doors in the future .

The first entrepreneur to enroll for this course is Mr.Hitesh Yadav from Gurugram , Haryana. He travels everyday to Bhiwadi for pursuing this course .

EXAMINATION & PLACEMENT INTERVIEWS OF THE TRAINEES

15th -16th Nov 2022

After completing their 3 months course in uPVC window & door fabrication , the trainees had their exams on 15th November '22 . It was a six hours exam with 1 hour 30 minutes theory exam and rest was practical . During the practical exam the students were asked to make 2 track sliding windows .

All the students performed really well in the exam . Ashish Kumar(*Alwar*) stood first with 95.5% marks , Mekahdeep (*Punjab*) stood second with 95% marks .

On 16th November'22 UWDMA members – Windowmagic (*Manesar*) , LKLS (*Manesar*) and Harvy Interiors (*Gurugram*) visited the center for taking interviews and selecting candidates for offering them placements at their companies.

CONVOCATION CEREMONY

17th Nov 2022

After completing their 3 months course in uPVC window & door fabrication and passing their exams successfully, on 17th September 2022, trainees of UWDMA skill Development Centre had their convocation ceremony at Grand Metro Hotel, Bhiwadi (Rajasthan).

Mr.S.N.Sharma (Senior Trainer-UWDMA Skill Development Centre) welcomed and motivated all the trainees with his beautiful words.

Students received their certificates & mark sheets from Dr.h.c.Mario Schmidt (President-UWDMA, Leader – Lingel Group). Dr.h.c.Mario Schmidt congratulated the students and wished them to have a successful future in uPVC window & door industry.

After the distribution of certificates, trainees celebrated their success by dancing on Punjabi music.

PRODUCTION TRAINING FOR UWDMA MEMBER'S EMPLOYEES

One of the newest UWDMA member , Aspire Windows (Bhatinda , Punjab) was previously in glass industry and is going to start a uPVC window manufacturing unit . With the intent to get a person trained in uPVC window & door fabrication who can thereafter work as a supervisor to manage a production team by himself , Aspire windows sent their employee , Mehakdeep to UWDMA skill development center for undergoing a 3 months course in uPVC window & door fabrication . UWDMA provided free training to him and as a result Mehakdeep is in a place to make uPVC windows by himself and also to lead a team . Mehakdeep stood 2nd in the examination with 95 % marks and received his certificate and prize from Dr.h.c.Mario Schmidt during the convocation ceremony .

“ All UWDMA members are always welcome to send their production employees to the training center for getting them trained in uPVC window fabrication. ”

CREATING SALES TEAM FOR UPVC WINDOW INDUSTRY

One of the upcoming UWDMA's initiative for 2023 is to create ample trained sales work force for uPVC window-door industry . During our conversations with industry members , especially with uPVC window manufacturers , UWDMA realized ,apart from trained production staff , uPVC window industry also need trained sales staff . With this vision , UWDMA is going to associate with BBA and MBA colleges at different locations and train their students in uPVC sales through online classes . Once the students are out of their colleges they would be ready to enter uPVC window industry . UWDMA members would be able hire these young executives from these colleges.

CREATING uPVC WINDOW DESIGNERS FOR UPVC WINDOW INDUSTRY

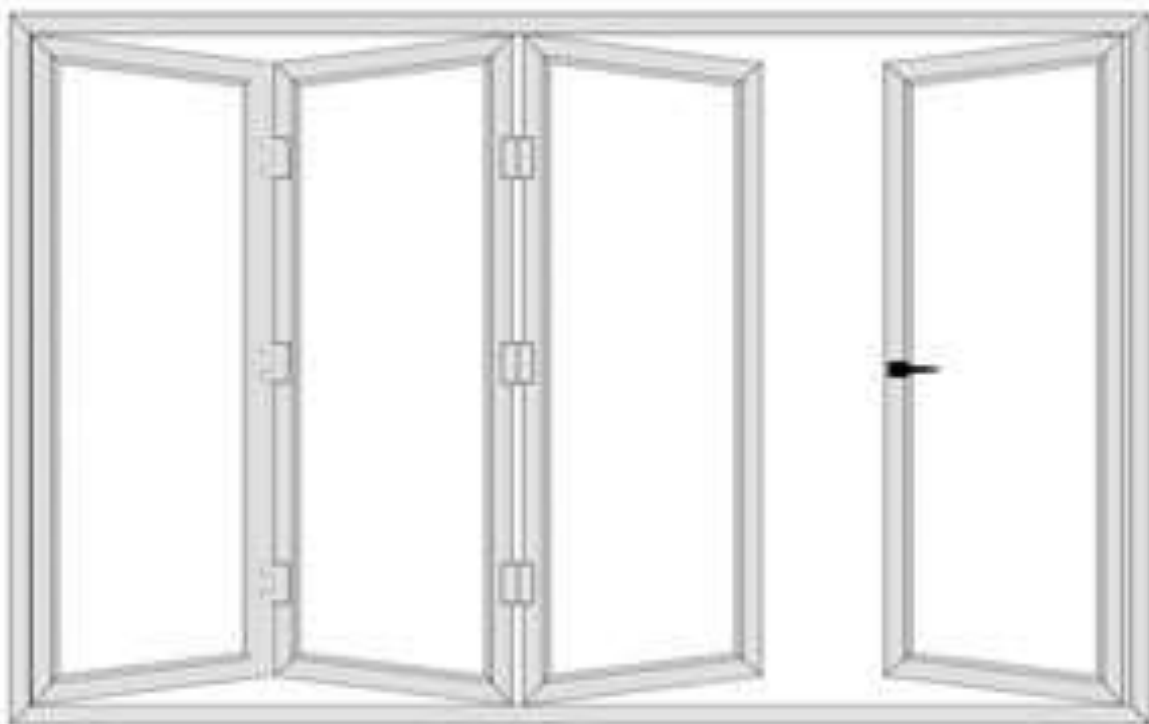

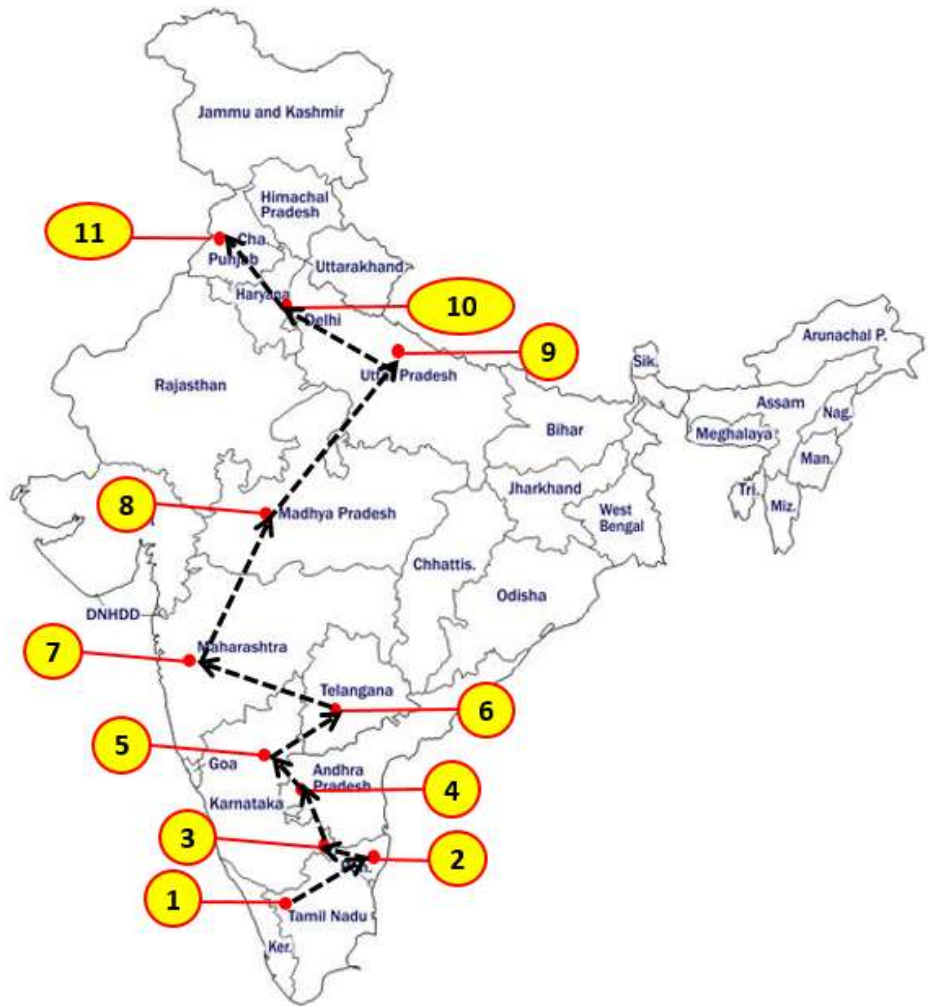

Another field which requires skilled manpower is windows designing i.e. the team which makes quotations & production sheets . With this vision to create window designers for our industry , UWDMA is going to associate with BCA and B.TECH colleges at different locations and train their students in window designing . Out training partners in this initiative are Eva , Windowmaker & Orgadata .During this course the students are going to have practical training of working on these softwares . UWDMA members would be able hire these young window designers from the colleges.

The graphic features an illustration of three graduates in caps and gowns. The UWDMA logo is in the top left, and the German Cooperation logo is in the top right. LIVE WORKSHOPS ON SLIDE & FOLD HARDWARE FITMENT AT VARIOUS CITIES

After successful workshops on uPVC window installation in 2022 , in 2023 UWDMA is coming with live workshops on slide and fold hardware fitment at various cities . One of the UWDMA members Sigenia , would be our training partner in this entire series . During these workshops , step by step process of slide and fold hardware fitment process would be shown to the attendees and also hardware installation manuals would be shared for better clarity .
